

Rapid Bushfire Response for Emergency Response

Summary Sheet

Abstract

How to respond and deal with fires in time when they occur is a question worth thinking about. This paper provides a fire response plan for Victoria through the rational deployment of EOC, drones and forward teams.

Contents

1	Introduction	2
1.1	Problem Background	2
1.2	Restatement of the Problem	2
2	Preparation of the Models	2
2.1	Assumptions and Justifications	2
2.2	Notations	2
2.2.1	Drones voyage model	2

1 Introduction

1.1 Problem Background

1.2 Restatement of the Problem

2 Preparation of the Models

2.1 Assumptions and Justifications

2.2 Notations

2.2.1 Drones voyage model
